Re: Mine Permit #S450057

Past Due Annual Fees

Dear Leslie,

Several weeks ago we spoke on the phone about the attached letter and Delinquency Notice from Paul Baker and informing us that we were delinquent on our Annual Permit Fees for 2007 and 2008.

I cannot find a record of the 2007 payment. This will be remedied by our sending a check for \$150 by month's end, which will bring us current on our Permit Fees.

Attached is a copy of our check #194509 (front and back) in the amount of \$150.00 dated 19-Nov-2008 for the 2008 payment.

We also spoke of the reclamation required on these claims. I discussed this with Peter Allred, who will manage the reclamation process and report back to you when this has been completed.

Please let me know if there is anything else I can provide you with at this time.

Sincerely,

A handwritten signature in blue ink that reads "Wendy Groen".

PAST DUE ANNUAL PERMIT FEE(S)

Dear Mine Operator,

The Division of Oil, Gas and Mining has reviewed its files and determined that one or more years of annual permit fees are missing for the site with the attached billing statement. The past due years are indicated on the statement along with the total amount past due. Please submit the payment by June 30, 2014. Failure to pay the fee suspends an operator's approval to mine and could lead to issuance of a notice of violation.

A separate statement has been sent for the 2014 annual permit fee.

If you have any questions or if you believe the Division's records are in error, please contact the appropriate lead for your site.
